WELCOME FROM DAVID

Welcome to the June 2026 edition of the Finance Planning CPD Round-up. It has been a turbulent month — market volatility, rate re-pricing, and a World Cup to distract clients! Nonetheless, the numbers tell an impressive story. Thank you all for your hard work and dedication.

Please read the compliance section carefully — important updates on Halifax cashback, interest-only lending, FCA guidance and internal complaints. The CPD deadline is fast approaching.

COMPLIANCE

Halifax EPC A/B Cashback

Halifax is offering a **£250 cashback** on mortgages for properties with an EPC rating of A or B. Highlight this to relevant clients and document clearly on file.

No Debt Consolidation on Interest-Only

Debt consolidation is **not permitted** on interest-only mortgages. Any file where this was discussed must clearly document that it was not advised and state the rationale.

FOS Complaints — Mortgage & Protection

FOS mortgage complaints remain low; however, **protection complaints are rising**, primarily around claim denials and exclusions. Suitability letters must document all exclusions, with client sign-off confirming they have read and understood them.

FPG Internal Complaints — 2 Cases This Month

Case	Detail
1	Protection cancel & replace — adviser must demonstrate clear client benefit with full documented rationale.
2	Dual mortgage and PT completing simultaneously — file must evidence both were advised independently with no proc fee duplication.

FCA Non-Financial Misconduct — New Rules from 1 September 2026

The FCA will enforce new non-financial misconduct rules from 1 September 2026. Conduct outside the workplace — including social media activity — may fall within scope. Detailed guidance will be circulated separately.

FCA Financial Crime Collaboration

FCA CEO Nikhil Rathi has emphasised the importance of firms collaborating on financial crime. Remain vigilant and escalate any concerns promptly to compliance.

Speaking with Both Clients

Both parties to a joint application must be spoken to separately. This is non-negotiable and must be evidenced on every file.

RISK & PROTECTION

CPD Deadline — Quarter End

Requirement: 8 hours mortgage + 8 hours insurance by quarter end. Ensure your CPD log is fully up to date. Report any shortfall to your supervisor immediately.

Guardian — Critical Illness Claim Story

Guardian has shared a powerful client claim story. A client received a significant CI payout following diagnosis, enabling them to focus on recovery without financial stress. Please share with clients as part of your protection conversations.

L&G Product Enhancements

Quote validity extended from 90 to **120 days**.

CI Extra: Updated definitions — please review the latest product guide before quoting.

The Exeter — Day-Patient Benefit

The Exeter has improved its day-patient benefit, making it more competitive for clients requiring short-stay hospital treatment. Check the updated product matrix for full details.

Scottish Widows — Nominated Beneficiary

Scottish Widows has simplified the nominated beneficiary process. Prompt all clients to complete a nomination form at point of sale.

L&G Claims Data

Metric	Volume	Value	Pay Rate
Death Claims	26	£2.4m	100%
Critical Illness	61	£4.9m	92% (56 paid)

Insurer Declines — The Exeter

The Exeter decline rate remains above market average. Use the pre-submission screening tool before submitting to avoid unnecessary declines on client records.

Uinsure — New Credit Provider (PCL)

Uinsure has introduced PCL as a new premium finance provider. **APRC: 23%**. Clients must be fully informed of the cost of credit if choosing to pay by instalments.

MORTGAGE

Re-pricing Month

June has been a busy re-pricing month with multiple lenders updating rate cards. Always source from the most current product data and confirm rates are still valid at point of submission.

IMPORTANT — Proc fee route: Always submit via L&G Mortgage Club. Do NOT use PMS. Submissions outside L&G Mortgage Club require prior supervisor approval.
